AGREEMENT

In consideration of their mutual covenants, the payment for the water provided for herein, and other good and valuable consideration, the receipt of which is hereby acknowledged, Seaside and Gearhart agree to the following:

1. **Definitions.** The following definitions will apply to this Agreement:
 - 1.1 **Available Water.** The quantity of water from the Seaside System and Gearhart System (the "Systems"), determined by Seaside and Gearhart respectively, which at any given time is in excess of the amount of water then needed by the residents of Seaside or Gearhart.
 - 1.2 **Connection.** The point, shown in Exhibit A attached hereto and made a part hereof, where Gearhart's pipe connects with the Seaside System.
 - 1.3 **Effective Date.** The date on which the last signatory of this Agreement has executed and delivered this Agreement.

- 1.5 **Emergency Need.** A condition determined by Seaside or Gearhart when the public welfare of the parties' respective residents requires access to Supplemental Source due to a System Limitation.
 - 1.6 **Force Majeure.** Any cause beyond a party's control and without its fault or negligence. Such causes may include, but are not necessarily limited to, acts of God or the public enemy; acts of the federal, state, or local governments (other than the party in question); fires; floods; epidemics; volcanic eruptions; quarantine restriction; strikes; freight embargoes; and unusually severe weather or emergency that causes interruption of supply. An event of Force Majeure shall be limited to the time during which such event occurs.
 - 1.7 **Master Meter.** A water meter at or near the connection installed by Gearhart.
 - 1.8 **Request for Service.** A written notice from either Gearhart or Seaside to the other city, pursuant to a reasonable protocol to be established between them, that states a need for Available Water during a time of Emergency Need and estimating the approximate quantity and duration of need for Available Water.
 - 1.8 **Supplemental Source.** Water from the other parties' System.
 - 1.10 **System.** Either city's existing water supply system and related infrastructure.
 - 1.11 **System Limitation.** A limitation due to any cause on the ability of the Systems to supply all water required at any given time.
- 2. **Obligation to Supply Water.** Pursuant to a Request for Services, and except during a System Limitation, Seaside or Gearhart shall furnish an uninterrupted supply of Available Water to the other city at the rate provided below during an Emergency Need.
 - 3. **Rates.** Available Water supplied under this Agreement shall be sold at the in-City rates.
 - 5. **Measurement of Water Use.** The Connection will be equipped with a Master Meter installed by Gearhart. The Master Meter will be used by Seaside to measure the volume of Available Water moved into either System. Representatives of both Systems may be present at meter readings. The Master Meter shall be read monthly during times when the Connection is open.
 - 5.1 **Failure of the Master Meter.** If the Master Meter at any time fails to accurately measure the water passage through though it, the charge for water used during the time the Master Meter is out of

order shall be based upon the average consumption as shown by the Master Meter when in proper operating condition during a comparable period of service.

5.2 **Meter Records.** Seaside shall freely share all of Seaside's Master Meter measurement records with Gearhart upon Gearhart's request for same.

6. **Billing for Water.** The System receiving water shall bill the other System on a monthly basis based exclusively on the meter readings of the quantity of water used by the other System during the previous month times the applicable rate per unit quantity for such water set forth in this Agreement, except as described in Section 5.1.
7. **Payment for Water.** The System receiving water shall pay the other System for all water passing through the Master Meter within thirty (30) days of receiving a bill.
8. **Maintenance of Master Meters.** Gearhart shall keep the Master Meter in continued good repair and shall test and calibrate the Master Meter annually. The cost of maintaining, testing, and calibrating the Master Meter is the responsibility of Gearhart.
9. **Other Maintenance.** The parties shall be responsible for maintaining and repairing their own respective water supply and distribution systems and shall not have any responsibility or liability to the other for same.
10. **Other Costs.** All costs incurred with respect to performance under this Agreement shall be paid by the party that incurred the cost, unless defined in this Agreement or otherwise agreed by both parties in writing.
11. **Limitation of Liability.** Neither party shall be deemed responsible or liable to the other on account of either a Gearhart System Limitation or a Seaside System Limitation.
12. **Laws.** Both parties shall comply with all ordinances, rules, and regulations of the other governing use of water.
13. **Assignment.** Neither party shall assign this Agreement, in whole or in part, or any other right or obligation under this Agreement, without the prior written approval of the other.
14. **Breach of Agreement.**
 - 14.1 **Definition of Breach:** A party shall breach this Agreement if it fails to perform any substantial obligation under this Agreement. A party shall not

breach this Agreement, however, if its failure to perform a substantial obligation under the Agreement is caused by an event of Force Majeure.

14.2 Remedies for Breach.

14.2.1 In the event of a breach of this Agreement by one party, the other party shall be entitled to any remedies that are available to it at law or in equity, provided it first gives notice and opportunity to cure to the other party as specified below.

14.2.2 Without limitation to the foregoing, the non-breaching party shall be entitled to termination of this Agreement provided the procedures set forth in Section 15.2 are followed.

14.3 Notification. The party alleging a breach of this Agreement shall give the other party written notice of the breach, specifying the nature of the alleged breach.

14.4 Opportunity to Cure. The breach shall give rise to the remedies for breach in this Agreement unless the following occurs:

14.4.1 The party receiving the notice has entirely cured the breach within 10 days of receipt of the notice, and so notifies the other party in writing within the 10-day period; or,

14.4.2 If cure within the 10 day period is not reasonably possible, the party against whom the breach is alleged has taken the following actions within the 10 day period:

14.4.2.1 Initiated such cure;

14.4.2.2 Notified the other party in writing of its intent to pursue such cure in good faith and with due diligence until the breach is entirely cured;

14.4.2.3 Has in such notice specified a reasonable completion date for completion of such cure; and,

14.4.2.4 Has completed cure within the completion date specified in the above notice.

14.5 Non-Waiver: Neither party shall be deemed to have waived any breach of this Agreement by the other except by an express waiver in writing. Any express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach may be of the same nature that waived.

15. Early Termination.

- 15.1 For Convenience. Either party may terminate this Agreement at any time for its own convenience by 30 days' written notice to the other party. Upon termination under this paragraph, the parties shall be entitled to payment for all water received prior to receipt of notice of termination.
- 15.2 For Breach of Agreement. Either party may terminate this Agreement in the event of a breach of the Agreement by the other which remains uncured after following the procedures set forth in Section 14 of this Agreement.

16. Arbitration.

- 16.1 Arbitration of Disputes. Any dispute over an interpretation of this Agreement and which is not settled by mutual agreement of the parties within 60 days of notification in writing by either party shall be submitted to an arbitrator mutually agreed upon by the parties. If the parties cannot agree on an arbitrator within 10 days after the expiration of the 60-day period, then the arbitrator shall be appointed as soon as practicable by the presiding judge of the Clatsop County Circuit court. The arbitrator shall be selected within 30 days from the expiration of the 60-day period following notification of the dispute. The arbitration shall be as speedy as is reasonably possible. The arbitrator shall render a decision within 45 days of the arbitrator's first meeting with the parties. Insofar as they legally may be bound, the parties agree to be bound by the decision of the arbitrator. The parties shall each pay one half of the arbitrator's compensation and shall bear their own costs and attorney's fees.
- 16.2 Continued Performance Pending Dispute Resolution. Notwithstanding the existence of any dispute over the interpretation of this Agreement, whether or not the same is in arbitration, both parties shall continue to perform their obligations under this Agreement pending resolution of the dispute.
- 16.3 Exclusion for Arbitration. Notwithstanding the foregoing provisions of this Section 16, a breach of this Agreement under section 14 shall not be deemed a "dispute", subject to arbitration. No party currently in breach of this Agreement may demand arbitration.
