Tsunami Hazard Warning Statement

The property is subject to inundation by a local source Cascadia event tsunami, including the DOGAMI scenarios (S, M, L, XL, or XXL) that could potentially flood the site. Development thereon is subject to risk of damage from tsunami.

A local source tsunami poses a potential life safety threat to occupants of the property. The protection of life safety will require occupants to evacuate to high ground in the event of a local source tsunami.

The property owner accepts and assumes all risks of damage from tsunami associated with the development of the subject property. The City of Gearhart, its agents and employees, are not liable from any and all claims which may arise as a result of damages, losses, or injuries sustained by the property owner and his/her heirs, successors, and assigns from local tsunami hazards affecting the subject property.

Acknowledgement

I have been advised that:

1. My property is subject to inundation by a local source Cascadia event tsunami.
2. A local source tsunami poses a potential life safety threat to occupants of the property.
3. I accept and assume all risk of damage from tsunami associated with the development of the subject property and I release all agents and employees of the City of Gearhart from any and all claims which may arise as a result of damages, losses, or injuries sustained from tsunami hazards affecting the subject property.
